Monthly Scholar Message

5 February 2018

Dear Alumni Association,

First and foremost, I would like to thank the North Carolina Central University Alumni Association for blessing me with a scholarship to attend this illustrious university. With your scholarship, I am able to carry on a family legacy as well as a trailblazer for my own path. This has been an interesting year so far. My files were actually transferred over to the School of Business so now I am a 18 year old junior in the school of business on his path to get his MBA by 22! In addition to my classes, I am involved in various organizations on campus. I am in the Centennial Scholars program in the Mens Achievement Center, a proud member of the Screaming Eagles, and a model for the new fashion society called CPR (Classy, Prestigious, and Revolutionary). My modeling troupe actually has a their debut performance, opening up for the House Arrest Dance team. This semester has been great so far and I can only see myself prospering further as the end of the year approaches. I want you all to know that I could not be living this amazing live I have right now if it was for you. I am eternally grateful for the opportunities you all have made possible for me and I will not let you down!

Sincerely

Khalil Green
